Instruction:

Students, you need to develop the security risk assessment by using the risk matrix. At first, you need to find ONE company. It is better if you are familiar with company. Next you need to identify the following:

1. Identify the asset
2. Identify security threat and vulnerability
3. Determine and prioritize the risks
4. Analyze and develop the security controls
5. Document the result.

1. Formal attire and delivery of presentation. (5 marks)
2. Content of the slides. (25 marks)
3. Creativity of the slides including grammar, diagram, reference and background (5 marks)

Submission Requirements:

- Include diagrams, charts, and tables where appropriate.
- Submit the assignment as a PDF file (Report).
