

**Subject Title** : Introduction To Security Management  
**Subject Code** : DLE 2083  
**Semester** : 2  
**Lecturer** : Miss. Siti Norhusna Binti Abd Ghapha

**Assignment question.**

For each group, choose one of layout in an organization/building.

- 1) school
- 2) mall
- 3) Tower
- 4) oil and gas
- 5) airport
- 6) seaport
- 7) residence area
- 8) any area that has security features

Draw a security plan based on the chosen building and organization. Inside that security plan you need to draw:

- 1) Deterrence layer
- 2) Detection layer
- 3) Delay layer
- 4) Asset

You need to put a symbol for each security features which located for every layer (based on the organization that you found)

In your slide, you need to explain about their function and benefit in security management.

2 PERSONS FOR EACH GROUP
